# AutoTruck Industrial Gantry Brush Wash Machines

## 5 Brush Pneumatic System

A full range of auto brush wash and lorry wash systems are available and can be manufactured and installed to suit all types of vehicles, wash combinations and sizes of fleet. Built from rigid galvanised frames, the 5 brush pneumatic roll-over units are ideal for transport and waste management companies or for the cleaning of plant.

The Morclean Gantry Wash System with a brush-less fixed or moving arch system can be designed for the cleaning of high or irregular sized and shaped vehicles.
