

Ultra High-Pressure Water Jetters/Blasters

Morclean ME-500/30

The Morclean range of Electric Driven Ultra High Pressure Water Blasters are high performance, cost efficient machines designed for the industrial user.

Features

- Steel pump head
- Start-up accumulator
- Low water level cut-off switch
- Weatherproof star/delta starter box
- Built-in stainless unloader/safety valve
- Solid, galvanised & powder coated frame
- Pneumatic wheels for easy transportation
- Easy access to pump for service & maintenance
- Non-corrosive material used in pumps & fittings
- 80L Water break tank with filter & inlet float valve
- Unique pump design with quintuple (5) ceramic plungers ensuring smooth pulsation free flow
- Built-in trigger gun holder & cable holder to ease transportation from point to point
- Powerful 40 Hp Motor with overload relay, IP54 classification, class F insulation & continuous running duty

Note: Supply standard with dry shut trigger gun with 1000mm stainless steel lance with zero degree nozzle. Other accessories and attachments are available upon request.

Specification	ME-500/30
Pressure (bar/psi)	500 (7250)
Flow (L/min / USgpm)	30 (7.9)
Power Consumption (Kw/Hp)	30 (40)
Power Supply (V)	380-415/3ph/50Hz 440/3ph/60Hz
Motor Spec (Rpm)	1450/1750
El-cable, Oil resistant (m)	15
High Pressure Hose (m)	20
Water inlet temp (°C)	60
Weight (kg)	425
Dimensions LxWxH (mm)	1495x950x1235

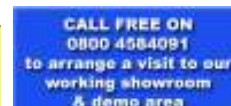

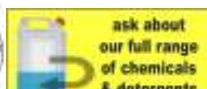

Industries

- Cleaning contractors
- Building & construction
- Marine
- Offshore
- Manufacturing
- Agriculture

Applications

- Removing paint, rust, markings & graffiti on steel & concrete surfaces
- Removing lime scale deposits & marine algae
- Roughening & cutting of concrete surfaces
- Deck cleaning and cleaning of cargo
- Dust free sand blasting
