

Hot water high-pressure cleaner

Mini 450

Mini 450

- Double motor (pump and burner)
- Three high durability steel pistons, aluminium pump head with built-in (interchangeable seat) by-pass valve
- Vertical burner with high thermal efficiency steel coil (16.5 m)
- Automatic Stop System
- Burner regulation, optimised combustion (better machine efficiency, wear resistance and less gas oil consumption)
- Built-in detergent tank for direct suction
- Power cable with plug
- Trolley with ergonomic handle complete with detergent tank and accessory holder (lance, gun, high pressure hose, cable)
- Safety valve

	Mini 450
Product No.	8.052.0704
Voltage	240v
Wattage	2300W
Pressure	110 Bar (max 145)
Flow Rate	450 l/h
Max. temp.	90°C
Motor speed	2800 rpm
Pump type	Axial
