

# Flat, Baffled and Upright Tanks

We supply a superb range of very strong rotationally moulded tanks, with moulded internal baffles. These tanks range in size from 400 litres to 900 litres capacity. They are designed to be mounted horizontally or vertically.

Baffles are internal compartments within a tank, restricting movement of the liquid load in a part full tank during transit. This movement of a liquid load can have a dramatic and dangerous effect on the road holding of the vehicle.

## Flat and Baffled Tanks

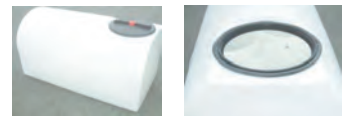

Model	Price	Dimensions (mm)	Weight (Kgs)
250 Ltr Flat	£135.00	1100 l x 825 w x 325 h	21.0
