

MORCLEAN

# Hot water high-pressure cleaner

## XDL Specialist SP/60Hz

60Hz

Easy access to main mechanical components

Lance/gun holder

Impact and weather resistant, single piece polypropylene cover

- 4 poles electrical motor (1450 RPM) with water cooling\*\* (with stainless steel coil) for best thermal dissipation, lower working temperatures and longer lifetime for mechanical components (motor & pump) - **double roller bearing** and **integrated elastic joint\*** for best pump coupling, easy maintenance and **pump roller bearing protection**
- Crank shaft linear pump with ceramic pistons, brass head, stainless steel valves and separate unloader valve. Main pump components are interchangeable with other pump manufacturers.
- Easy access to main mechanical components like motor, high pressure pump, gas oil pump
- High (>90%) thermal efficiency burner, for better environmental protection
- Auxiliary motor for burner air cooling and mechanical two way fuel pump
- Low fuel lamp
- Adjustable detergent delivery built-in tank for indirect suction
- High sensitive stainless steel sensor with temperature regulation gauge
- LSP: Late Shut down Protection 24V
- Impact and weather resistant, single piece polypropylene cover
- Ergonomic handles and two side accessories holder

Auxiliary motor for burner air cooling and mechanical two ways fuel pump

Temperature regulation gauge with high sensitive stainless steel sensor. Low fuel lamp and cut off.

	<b>XDL Specialist SP/60Hz</b>
Product No.	8.621.0911
Voltage	220V
Wattage	3000W
Operat. pressure / max.	30-100 Bar
Delivery rate	345-660 Ltrs/h
Motor Speed	1700 rpm
Max temp. inlet / outlet	40°C / 140°C

### OPTIONAL

- Hose reel with brake
