

# Carpet Cleaning Machines

## MV 350 & MV 460

The MV 350 & MV 460 range of twin motor upright vacuum cleaners are built to be versatile in use, reliable in service and easy to maintain.

Designed to clean efficiently almost any type of floor surface from hard floors to carpets. This has been achieved by the use of a brush only roller driven by a dedicated motor through a non slip toothed drive belt.

The lift out stretch hose, wand and cleaning tools enable these models to perform suction vacuum cleaning, a task only previously possible with canister vacuum cleaners.

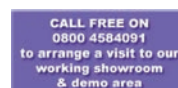

Suitable for use in shops, offices, schools, restaurants, hotels, public buildings, contract cleaning and local authorities.

### Features:

- 800w twin fac vacuum motor with thermal switch protection against overheating
- Red neon indicator light for blocked hose or full paper bag
- Three stage filtration:- Twin layer disposable paper bag, Motor pre filter, Motor exhaust filter
- 150w fan cooled motor driving roller brush through non slip toothed belt
- Roller brush motor protected by electronic circuit board with green/red LED indicators to show correct running/belt • broken/rollerbrush jammed conditions
- Roller brush height adjustable to four different heights by external control knob
- Roller strip brush easily replaceable without removing roller brush
- Double stretch hose, 650mm wand, crevice tool and upholstery/stair nozzle supplied
- Automatic static discharge facility

Technical Specification	MV 350	MV 460
VAC MOTOR	230v/50Hz	
BRUSH MOTOR	150w/230v 50Hz	
PERFORMANCE	Max Airflow 28 ltr/sec Max vacuum 1,500 mm watergauge	
CLEANING RANGE	22 metres 72 feet	
CAPACITY LITRES	6	
DIMENSIONS (H X W X D mm)	1170 x 350 x 260	1170 x 460 x 260
WEIGHT KG	9	10.5
