

MORCLEAN<sup>®</sup>

# Cold Water High Pressure Cleaner Accessory

## Surfer Patio Cleaner

**Surfer** is an innovative patio cleaner for your cold water high-pressure cleaner: washing terraces, patios, outdoor surfaces and walls is now easier, quicker and safer. **Surfer code.6.008.0151**

**Safer** With the Pressure Regulation System the water pressure can be modulated according to the surface being cleaned: a gentle treatment for wooden floors, which can be gradually increased for more resistant materials or tough dirt.

**More effective** The asymmetrical double nozzle is ideal for larger surface areas and gives a more uniform cleaning result.

**Quicker** Takes half the time compared to a traditional fan lance.

**Cleaner** Surfer is ideal for washing all outdoor surfaces without any annoying water splashes.

**More Versatile** Four adaptors are included in the kit enabling the Surfer to be adapted to most models of high-pressure cleaner.

**Pressure Regulation System**
